

ANALYTIC SYSTEMS

Power Conversion Solutions

WORKBOAT APPLICATIONS

DURABLE POWER SYSTEMS FOR WORKBOATS

Analytic Systems provides reliable, durable power conversion solutions for the most challenging marine environments. Our robust, flexible designs allow us to accomplish a wide variety of custom variants to protect units against corrosion, vibration, humidity, dust, wet environments and wide-ranging temperatures.

To meet your individual needs, Analytic Systems offers multiple protection packages based on the level of defence you require.

We build IP67 Immersion Rated Products!

IPS2000

Battery Charger

BATTERY CHARGERS

Analytic Systems offers a wide range of AC-DC and DC-DC switch-mode, high performance battery chargers. From 72 -1500W we can provide 12-72VDC and many other charge voltages. Our stackable designs accommodate higher current jobs. We offer auto ranging 120/220VAC input for most AC models!

INVERTERS

Offering an extensive range of rugged sine-wave inverters that provide crystal clear 110 or 220 AC power from a 12-24-32-40-volt DC source needed for your AC equipment. Rack mount and Chassis mount units available.

VOLTAGE CONVERTERS

Using your existing 12, 24, 48, 72, 110VDC power source, an Analytic Systems voltage converter can supply reliable, regulated, fully isolated DC power up to 130 VDC. Chassis mount and rack mount units available. Challenge us with your difficult configurations!

Analytic Systems Marine Power Conversion Products

CUSTOM POWER REQUIREMENTS

Analytic Systems offers custom-engineered power solutions up to 10KW. We work closely with customers to help them meet their power conversion requirements, and offer full-cycle support for all products - including ongoing maintenance and repair. We have a tradition of maintaining long-term relationships with our customers, who rely on our expertise in designing and maintaining highly technical power conversion solutions.

ABOUT US

Analytic Systems is a leading North American manufacturer of High-Performance Power Conversion Technology Products. We're an industry leader in rugged, specialized power conversion electronics, supplying thousands of power conversion units to all divisions of the US military, plus companies including Metal Shark, SeaArk, Seaspan, Northrup Grumman Ship Systems, and Foss Tugs. We are ISO 9001:2008 and AS9100 ABS certified and our products meet CETL/UL/CSA requirements.

PRODUCTS

Also available:

Frequency Converters

Power Supplies

Battery Back Up Systems

*Our products are the ultimate power problem solvers!
We offer many customization options and have a wide variety of ruggedized profiles available.*

*If you need a rugged, high quality product or a configuration you can't find anywhere else, give us a call!
Let Analytic System be your Power Problem Solver!*
